Chief Justice is Master of Roster, rules SC

New Delhi, July 6 (UNI)- The Chief Justice of India is the "master of the roster" and has the power to assign cases, the Supreme Court ruled this morning on a petition that called for a panel of Judges to take such decisions and echoed concerns raised by four top Judges who publicly took on Chief Justice Dipak Misra in January this year.

"The Chief Justice of India (CJI) has the role of first among equals and is empowered to exercise leadership in administration of the court which includes assignment of cases," said Justices A.K. Sikri and Ashok Bhushan, confirming the verdict by two previous Benches.

"There is no dispute that the Chief Justice is the master of roster and allocates cases to Judges. The Constitution is silent on the Chief Justice. Conventions and judgements over the time and accepted by all stakeholders that the Chief Justice is first among Judges and senior most," said the Judges.

Chief Justice Deepak Misra

Supreme Court

A Five-Judge Constitution Bench in November and a Three-Judge Bench in April this year have already stated that the Chief Justice is the master of the roster.

Former Law Minister Shanti Bhushan's petition had said that the "master of the roster" cannot be an "unguided and unbridled" discretionary power, exercised arbitrarily by the Chief Justice by hand-picking the Benches of select Judges or by assigning cases to particular Judges.

Justice Sikri said that it would be difficult to accept the petitioner's argument that the term "Chief Justice of India", under the Supreme Court rules, should be read as the collegium comprising five senior-most Judges for allocating cases.

"The erosion of judiciary in the minds of people is greatest threat to judicial system," he said, adding that CJI, being the senior-most Judge of the Supreme Court is the "Spokesperson and Leader of the Judiciary".

The government's top lawyer had opposed a panel of Judges saying it would result in chaos. "It is essential that there should be one person doing this and if it has to be one person, then it has to be the CJI," Attorney General K.K. Venugopal had said.

On January 12, 2018, the four top-ranking Judges after the Chief Justice — Justices Jasti Chelameswar (now retired), Ranjan Gogoi, Madan B. Lokur and Kurian Joseph — had called an unprecedented press conference in which they took on the Chief Justice over the way sensitive cases were being assigned and said the "administration of the Supreme Court was not in order".

Gold worth Rs. 87 lakh found in Bengaluru Airport dustbin

Bengaluru, July 6 (UNI) Customs authorities have seized 2.8 kg gold worth about Rs. 87.69 lakh from a dustbin placed in the departure wing of the Kempegowda International Airport (KIA) here.

Sources said that the gold chains packed in black insulation tape were dumped in the dustbin this morning and officials on getting doubt during routine check opened it and to their surprise, the new method of gold smugglers was unearthed.

During transit time, smugglers who arrive from foreign countries might have dumped the gold in the dustbin and a carrier who was waiting for it would take the dustbin in the name of cleaning it and take the stock for onward transfer, sources added.

Work worthy of wages

Public image of the *working* style of administration in government as well as civil service bureaucracy, being what it is, doesn't need elaboration, particularly in the backdrop of the continually rising headcount and related cost, read outgo on salaries attached to these. British author Cyril Northcote Parkinson (1909-1993), famously known for advancing Parkinson's Law namely, politicians and tax-payers have *assumed* that a rising number of civil servants must reflect a growing volume of work to be done (published in 1955). His law embodied two sub-laws: The Law of Multiplication of Subordinates and The Law of Multiplication of Work. The offshoot of the law namely, work *expands* so as to *fill* the time available for its *completion.* An anonymous wiseacre, in a more satirical sense is attributed with the statement that the *workers* in administration *pretend* to work and the government pretends to pay (wages). The question of who pretends more is only of academic interest. Also, the issues of *a)* Work that justifies the wages paid to the workers, *b)* Purpose of work and *c)* Awareness about the purpose on the part of workers don't seem to be reckoned with in common parlance.

Pundits and some public speakers among the literati take fascination to quote lines from scriptures concerning *work* and various ancient texts with the words of wisdom attributed to the leading lights of distant past. One such line figuring in their speeches nowadays has the message that yoga also means *excellence* in work. But, practicing, however incorrectly, some yogasanas may not be confused with excellence in working, particularly in administration.

Frequently published events in the land's dailies in which buildings, bridges, roads and electrical installations are collapsing mirror to a significant extent the poor quality of their construction, the responsibility for which the workforce that were paid wages cannot escape. Every such event, published as news and read by the people at large fade into public memory, proverbially short, with substandandard work and tardy working by the workforce showing no signs of abating. The story of two workers carrying heavy stones engaged on the project of constructing a temple, one of them saying that he was engaged on the arduous work of carrying stones and the second worker saying that he was engaged on the *noble* work of constructing an abode for God has its message of the value of *attitude* to work.

Getting back to Parkinson's Law, the point of public image of the workers in government establishments, mentioned earlier, one is prompted to dwell on the issue of *work* by the babudom and the extent to which it is worthy of wages they receive, barring exceptions. Awareness about the *purpose* of their work doesn't loom large.

A MATTER OF POSITIONING: ***The Indian rupee's downslide hasn't escaped the attention of the advertising fraternity. While economists and policy-makers continue to fret since the rupee touched 69 against the dollar last week, contraceptive brand Durex has urged people to look at the bright side. It tweeted a picture of the figure "69" written in big, bold letters with the words "perform well in every position" inscribed below. At one end of the picture were two pack of Durex condoms. In a message, it simply said: "Rupee may not perform in this position but you can! Buy now."***

Incredibly realistic wool felt animals

Tokushima: Miru, a Tokushima-based wool felt artist, has been getting a lot of attention on Japanese social media for his incredibly realistic wool-felt animals creations.

Miru discovered wool felt art in 2010, when he saw a master of the craft, work his magic during a TV show and he soon started experimenting with the material. Over the last 8 years he has honed his skills to the point where it is sometimes nearly impossible to tell some of his wool felt animals apart from live ones.

Miru said that one of the secrets to making his wool felt artworks look so life-like is time. Instead on trying to complete a project as fast as possible so he can move on to the next one, he likes to take his time, and leave the unfinished piece in a place where he can see it every day. This way, he notices certain details that he couldn't notice the day before, and make changes accordingly.

Scariest house has put neighbours on edge

Ratomka: A house in Ratomka town is so spooky that some people avoid walking past it at all costs, especially at night. With skeletal hands coming out of the stone fence, devils decorating the roof and dozens of black skulls covering a domed structure on the property, the scariest house in Belarus is definitely a sight to behold.

Photos of the spooky house in Ratomka recently went viral in Belarus, with most people praising the owner for the bold artistic design. But people living in its vicinity had been complaining that it is too spooky and some of them even filed complaints to the local authorities about it, claiming that the devils and skulls were scaring children and even adults walking by after dark, but they haven't done anything about it yet.

An appeal to kitchen garden loving neighbourhood

Sir,

Kitchen or backyard gardening has its own limitations and side effects in urban areas today where dwelling units are measured as per cost per square feet.

In olden days many of us stayed in small villages and towns in huge ancestral homes and a vastly spread backyard not only to grow flowering plants but also trees.

As we shift to cities, we have limitations of square feet of living areas and very small scope for flowering plants.

These being the situation many people in our neighbourhood still are growing tall trees like drumsticks where roots will be there in their compound and branches hitting the walls of neighbour's house.

Backyard and utility is the place where we keep our washing machines and dry our clothes. This type of tree is home for ants, caterpillars (kambali hula or blanket worm). Next morning when we take out our dried clothes we will be bitten by the ants or the worm leaves an itching injury. Many times leaves accumulate near wash basin draining point and choke the drainage.

Growing plants that grow across neighbourhood is an offence (Cr.PC133-Public nuisance), whether it is in urban area or concerning an agricultural property.

Citizens should keep their gardening hobby limited to their compounds without disturbing their neighbours. People should also desist from growing plants below power lines, regarding which an article had already appeared in this newspaper sometime back. We should not bring down a 9 metre road to 6 metre road by encroaching both sides of roads by planting trees.

If we are green lovers we should join campaigns like seed ball campaign and spread greenery over hills like Chamundi Hill or on the sides of Highways like our own Salumaradа Thimmakka is doing.

DARKNESS ON OUTER RING ROAD

MUDA agrees to maintain streetlights for three months

MP Pratap Simha holds meeting with officials

Mysuru-Kodagu MP Pratap Simha holding a meeting at his office in Jaladarshini Guest House on Hunsur Road in city yesterday. M. Rajendra, State BJP Secretary and others officials are seen.

Mysuru, July 6 (PM&KS)- Following several complaints over non-functioning streetlights on the Outer Ring Road (ORR) since a few months which had resulted in the ORR plunging into darkness, Mysuru-Kodagu MP Pratap Simha held a meeting at his office in Jaladarshini Guest House on Hunsur Road yesterday.

The meeting that was held with the officials of Mysuru City Corporation (MCC), Mysuru Urban Development Authority (MUDA) and National Highways discussed on who would maintain the streetlights and pay electricity charges.

The streetlights that were installed as part of the revamping project undertaken on the Outer Ring Road have been defunct for the past one year. The dark road has turned into a den for anti-social elements with many commuters, especially women, complaining about youngsters drinking liquor on the roadside or inside their vehicles.

There was a row between MCC, MUDA and National Highways on who should be maintaining the streetlights on the 42.5-km long six-lane Outer Ring Road (ORR). If the road is illuminated on some stretches, some places turn pitch dark after dusk with no light, posing a risk to the safety of pedestrians and motorists. Moreover, certain patches of the road have peeled off and there are potholes too as trucks often use this road.

In most places, streetlights are not working because of fused bulbs, damage to wires, disruption in power supply and other reasons. Whoever maintains the streetlights would incur an expenditure of Rs. 2 crore a year for maintaining streetlights and pay electricity charges. This had become a bone of contention between MCC, MUDA and National Highways.

MUDA Superintending Engineer Suresh Babu, who represented MUDA, agreed to maintain the streetlights and pay power charges for three months. Later, MCC will take over the streetlight maintenance.

CONCERNS ON ACCIDENTS

Expressing concerns over the rise in accidents on the Outer Ring Road, the MP said that accidents have increased manifold and illegal activities were rampant. "Despite Supreme Court's ban on bars and liquor outlets close to Highways, many of them are blatantly violating the rules and you officers have turned a blind eye to this," he told officials.

"These bars have become a public nuisance and apart from drunken driving, visitors to the bars park their vehicles haphazardly on roadsides preventing the smooth movement of the vehicles," he charged.

Simha also expressed dissatisfaction with the quality of the asphalting work and said vast stretches of the road were pot-hole-ridden. He also urged MCC authorities to take cognisance of trash being unloaded on the sides of the Ring Road.

Making it clear that illumining ORR was to be their top priority over the next three months, Simha told MUDA authorities that maintenance of the road would be their responsibility in that period.

Meanwhile, MCC Executive Engineer (Electrical) Lakshmanagowda said that the issue pertaining to the maintenance of streetlights by the MCC should be discussed during the MCC Council meeting as there were a lot of procedures to be followed. He sought three months time. Pratap Simha told Lakshmanagowda to complete all procedures within three months and not give any excuses later.

On the occasion, the 4.3 km stretch of the ORR starting from Bandipalya Junction to H.D. Kote Road was formally transferred by MUDA Superintending Engineer Suresh Babu to National Highways Assistant Executive Engineer Chandrappa. MUDA Assistant Executive Engineers Mahesh Babu and Satish, Corporator Shivakumar and other officials were present at the meeting.

Felling of trees: Public meeting on July 8

Mysuru, July 6 - The PWD has proposed to fell 209 trees on either side of the Mysuru-Bengaluru National Highway 275 stretch from Colombia Asia Hospital Junction to Kalastawadi (4.236 km), for road widening.

As rule 8(3) VII of the Karnataka Tree Conservation Act envisages holding of a public meeting in cases where over 50 trees are to be felled, the Forest Department will be holding a public meeting at the Office of the Deputy Conservator of Forests (DCF), Mysuru Division, Aranya Bhavan, 6th Cross, Ashokapuram, Mysuru at 3 pm on July 8.

The public can air their objections and give suggestions, directions at the meeting or send the same via e-mail to : *dcfmdm@gmail.com*.

Tour package

Mysuru, July 6 - The State-run KSTDC will be conducting three-day package tours of Tirupati-Tirumala Devasthanams and Kalahasti. The fare per head is Rs. 3,600. For more details, visit the KSTDC Office on JLB Road or call Ph: 0821-2423652 or Mob: 89706-50109.

LED bulbs for streetlights

A proposal has been sent to the Directorate of Municipal Administration to upgrade the existing streetlights within the MCC limits with LED bulbs so that better visibility is provided. This will also save electricity to the City Corporation.

Lakshmanagowda told the meeting that there are over 61,501 streetlights and out of this only 8,432 LED bulbs and the rest that have tube-lights, sodium lights or incandescent bulbs. The MCC will need Rs. 1 crore to replace all the bulbs with LED bulbs and once the Directorate approves, the work will be taken up, Lakshmanagowda said.

Elderly woman conned

Given fake jewels in exchange for genuine gold ornament

Mysuru, July 6 (SBD&KS) - An elderly woman being conned of her gold ornaments by another woman has come to light lately from Devaraja Police limits in city.

55-year-old Puttamma, a resident of Kumbarakoppal is the elderly woman, who was cheated by another woman.

The incident: On June 26, Puttamma, after visiting an Eye Hospital for a check-up, was proceeding near Gandhi Square, when she was confronted by an unidentified woman who looked worried.

The unidentified woman told Puttamma that her son was admitted in K.R. Hospital and was in need of money for the treatment. She told the elderly woman that she wanted to sell her gold ornaments and showed her gold ornaments she had with her. The woman then took the elderly lady to a cross road and told her to buy the jewels.

Meanwhile, a man who approached them told Puttamma that he was ready to buy the jewels but the woman was not ready to give it to him. He then took one of the jewels and after examining them told Puttamma that the jewels were genuine and were worth about Rs. 5 lakh. He then told the woman that he would go and bring money besides asking her to wait at the spot till he returns.

After the man left from the spot, the woman told Puttamma that she did not want to give the jewels to the man and insisted Puttamma to buy it. When the elderly woman told the woman that she did not have such a huge amount to purchase the jewels from her to which the woman told the elderly lady to give her the jewels she was wearing and Rs. 5,000 cash.

Puttamma, who believed the woman, gave her the jewels weighing about 38 grams she was wearing to the unidentified woman and received the jewels from her. But the unidentified woman insisted Puttamma to pay her Rs. 5,000 cash as the jewels she had given weighed more than what she (Puttamma) had given her.

Puttamma then called her sister over the phone and informed her that a woman was selling her gold ornaments for lesser price and told her to bring Rs. 5,000 cash. But her sister told her not to venture into such deals and told Puttamma that she was coming to the spot and disconnected the call.

The woman, who heard that Puttamma's sister was coming to the spot, told her not to worry if she did not have the cash and told Puttamma to keep the jewels safe and left from the spot.

Soon, Puttamma's sister who reached the spot, examined the jewels the woman had given to her and took them to a jeweller who tested them and told them that all the jewels were fake. Puttamma's sister immediately tried to search the woman in the surroundings but in vain.

As Puttamma was in a state of shock, she lodged a complaint after a few days. Devaraja Police, who have registered a case in this regard, have expressed hope of arresting the culprits at the earliest.

The Police said that miscreants were now targeting elderly women as they were easy targets. The miscreants would make the women believe them and decamp with their jewels and such incidents have taken place in K.R. Hospital premises and other places.

The Police have cautioned the public especially senior citizens not to fall prey to such miscreants besides asking them not to speak or entertain strangers.

State Budget: Robbing Peter to pay Paul !

Our *'Mannina Maga'* has indeed launched or rather unleashed on us a very powerful State Budget. **If not anything else, it is clearly and only a 'LET US STAY IN POWER' budget!** The thing that stands out in this budget is the farm loan waiver which was the main issue on which the last State election was fought and partly won by JD(S), the Chief Minister's party. Although it was only a 'part victory' it certainly won him a full chance to become the Chief Minister as it often happens in our country with its skewed politics!

Let's leave aside the mind boggling figures of the budget to the front pages of the newspapers where they rightfully belong and look here only at where the budget leaves us. Under this new amnesty scheme all farm loans availed by farmers for whatever reason and un-repaid by them for whatever reason, are going to be waived off to an extent of rupees two lakhs by the present government and the lending agencies will be reimbursed these amounts by the government over a period of four years.

Now, is this waiver scheme likely to make farming more lucrative for our farmers many of whom are slowly but steadily distancing themselves from farming? Is it likely to stop our farmers from committing suicide like they are now doing? I think not. **This one time relief will only make them heave a sigh of relief just for this year and continue with their doggedly antiquated and very unscientific farming practices which in just a couple of years are guaranteed to once again land them in debts bringing all of them back to square one in their deadly game of snakes and ladders.**

As things stand today, small-time agriculture is perceived as a loss-making and thus very frustrating pursuit in our country by most farmers. Although most people think that our farmers are quitting farming or even ending their lives because of crop failures or price slumps it is not always so. **As we all know very well, retail prices of all commodities are always very high.** Many farmers are in the doldrums because of unwise borrowing and unwise spending and a good many of them are mired in misery because of bad habits like gambling and drinking, the two evils that are rampant in our society today. I have personally spoken to many villagers who come to me as my patients about why farming is seen as a curse and why our farmers are unhappy. Almost all of them are of the opinion that it is only partly because of crop failures but greatly due to poor prices for their produce due to **exploitation by middlemen.**

The perishable nature of most fruits and vegetables and the **insufficient cold storage facilities** close to their towns and villages forces them to part with their produce hastily at throw-away prices. Farmers who lug their produce to markets do not find buyers thanks to the solidarity of powerful cartels of unscrupulous middlemen. A few years ago I have seen my own first cousin Amjed, a farmer, selling away the beans grown on his farm at one rupee a kilo to a middleman when it was selling at rupees twelve a kilo in the retail market exactly a kilometre away. Today he has quit farming altogether.

My close friend Shivashankar, who once had a bumper crop of high quality onion, transported two truckloads of it all the way to a well-known onion market in Tamil Nadu with high expectations of a good price only to find that there were simply no takers for it there. While the traders there were selling onion of a much inferior quality for good prices they refused to buy his produce even for a modest price. When after two days of waiting, his commodity stacked tightly in the trucks, started deteriorating due to built up heat, he was forced to part with it at a price dictated by them. The result of his year-long toil was that he could barely recover only the transportation cost for his produce.

With their **disorganised existence,** with no change either in their farming practices or in their marketing strategies our farmers land in bad financial messes and end up quitting their professions or sometimes their lives too. Let alone being the best solution, waving off farm loans is not even one of the solutions to save our farmers. **In fact, more than with the intention of helping our farmers, this measure has been announced by the government to actually garner support from the masses and save itself from being hounded out by the Opposition.** If it was actually interested in the long-term good of our farmers could it not have thought of getting small farmers to create manageable sized and **sustainable co-operatives like some Milk Unions to pool and sell their produce without the havoc meted out to them by blood-thirsty middlemen?** Small co-operatives like these can effectively monitor what their members do in handling their personal lives too and thus prevent them from borrowing money at astronomical rates of interest for weddings and festivals.

They can educate them about how to manage these events with greater pragmatism than what they now possess. They can also lend them money at reasonable rates of interest and even ensure responsible repayment through peer pressure. Today we have many women's self-help co-operatives which have been doing this very successfully over many years. The mental well-being of their members too is commendable.

Our government has no proposals to usher in any austerity measures on the funds earmarked for providing perks and freebies shamelessly enjoyed by MLAs, MLCs or Ministers. But it proposes to make good the losses it is going to incur on farm loan waivers by taxing good and honest tax-payers through increased cess on petrol, diesel and electricity which already come at great cost. **This is just like robbing rich Peter to pay poor Paul!**

You and I may not like it but worldly-wise Kumaranna has nothing to lose because he knows very well that there are more vote-casting Pauls than tax-paying Peters in our society!

KSOU VC confident of getting recognition in a week

Academic year likely to begin from third week of July

Prof. Shivalingaiah

Mysuru, July 6 (RK&NNN)- All decks are being cleared to see that Karnataka State Open University (KSOU) gets recognition to offer all non-technical courses from the current academic year. Except LLM Course, the 32 courses which KSOU has sought permission to start, are likely to get University Grants Commission's (UGC) approval. Nearly 60,000 students and employees are going to be benefited by this move.

KSOU Vice-Chancellor Prof. D. Shivalingaiah made a detailed 30-minute power point presentation to a six-member expert committee at UGC Head Quarters, New Delhi, yesterday.

Starting from the history of the University, the facilities provided, strength of permanent faculty, number of course co-ordinators, number of non-teaching staff, permanent non-teaching staff, regional centres, Learners' Support Centre, Study Centres, details of admission of students in the last three years, programmes asked for in the proposal, the places earmarked for teaching and administration, examination, valuation and the process involved in issuance of degrees, were presented in detail.

The meeting was presided by National Assessment and Accreditation Council (NAAC) Chairman and former UGC Chairman Prof. V.S. Chauhan. Apart from Prof. Shivalingaiah, in-charge Registrar Dr. Khadar Pasha, Dean (Education) Prof. Jagadish, UGC Cell Co-ordinator and Special Officer to the VC Dr. N.G. Raju attended the meeting.

Prof. Shivalingaiah presented all the information and documents, according to the new UGC (Open and Distance Learning) Regulations, 2017, through 26 slides in which he also made it clear that non-technical in-house courses will be started only in Karnataka for the year 2018-19 as demanded by UGC. He also presented printed copies of all the documents in three sets to the UGC.

Speaking to *Star of Mysore* from Delhi after the meeting, Prof. Shivalingaiah said that as they had produced all the relevant documents he was confident of getting recognition for non-technical courses for the year 2018-19. "We are likely to get an official order in another week or 15 days. The academic year, according to UGC Regulations, 2017, rules will start from July third week," he added.

Parts of Outer Ring Road declared as National Highways

Heavy Truck Traffic will not pass through the city now

Mysuru, July 6 (BCT)- Certain stretches of the Outer Ring Road (ORR) of Mysuru city have been declared as National Highways so as to avoid the Highway heavy vehicle traffic from passing through the city, according to a communication in this regard sent on Jan. 8 this year to Director General, Road Development and Special Secretary to Government of India, by the Karnataka Public Works Department (PWD).

This comes after K.C. Biddappa, President of Sankalp Mahal Apartment Owners Welfare Association, Lalitha Mahal Palace Road, Siddarthanagar, writing to the Office of the Prime Minister on 30.11.2015 to shelve the project of widening National Highway 212 inside Mysuru city limits. The Superintending Engineer, National Highways, PPP Cell, Bengaluru, has confirmed this declaration in a letter he has written to K.C. Biddappa on 29.6.2018.

In his letter to the Prime Minister's Office, Biddappa had opposed the widening of a five-kilometre stretch of the National Highway 212 passing through Lalitha Mahal Palace Road and said that the widening project will affect the public health and safety of residents apart from destroying hundreds of fully-grown trees.

Biddappa had alleged in his letter that the PWD Minister of Karnataka (Dr. H.C. Mahadevappa was the PWD Minister in 2015) was hell bent on widening this road and had taken it as a prestige issue and is exerting pressure on National Highway Authority of India (NHAI) officials to immediately execute the project of widening the five-kilometre stretch.

Following Biddappa's letter, the Chief Engineer, National Highways, Bengaluru, requested the Director General (Road Development) and Special Secretary to Government of India to notify the Outer Ring Road of Mysuru as National Highway so as to avoid heavy traffic of lorries and trucks from passing through the city. **Accordingly, parts of Outer Ring Road have been declared as NH 275, NH 150A and NH 212 and it has been communicated to Union Minister for Road Transport and Highways, New Delhi, by the Minister for PWD, Karnataka.**

K.C. Biddappa

According to the communication from the PWD, a total of 41.615 km of the Outer Ring Road have been declared as National Highways.

Firstly, National Highway 275 Bantwal-Bengaluru section originates in Bantwal and passes through Puttur, Sullia, Madikeri, Periyapatna, Hunsur, Mysuru, Mandya, Channapattana, Ramanagaram, and Bidadi and terminates in Bengaluru.

The Highway enters the Mysuru city limits at the junction of Outer Ring Road at kilometre 211.250 near Hinkal village and leaves Mysuru city at the junction of Outer Ring Road near Columbia Asia Hospital at kilometre 220.250. This length of Outer Ring Road along NH 275 is 9 km and it has been declared as a part of National Highway 275.

Secondly, National Highway 150A from Jewargi to Chamarajanagar overlaps NH 275 from Srirangapatna and intersects Outer Ring Road near Columbia Asia Hospital at kilometre 629.424. It traverses through Outer Ring Road and leaves Outer Ring Road at kilometre 646.334 near Bandipalya village junction of Outer Ring Road and further joins Chamarajanagar via Nanjangud. This length of road is 16.90 km and it has been declared as a part of National Highway 150 A.

Thirdly, the Outer Ring Road links National Highway 275, National Highway 212 and National Highway 150A and joins NH-275 near Hinkal. This length of Outer Ring Road is 15.715 km and has been declared as part of National Highway 212.

Upgraded to National Highways

The following stretches of the Outer Ring Road have been upgraded to National Highways as follows:

1. A stretch of 9-km from junction of Hinkal village up to Columbia Asia Hospital (NH 275).
2. A stretch of 16.9-km (NH 150A overlapping with NH 275) from Srirangapatna intersecting the Outer Ring Road near Columbia Asia Hospital, traversing through Outer Ring Road up to Bandipalya on Nanjangud Road.
3. A stretch of 15.715-km from Nanjangud Road near Bandipalya up to H.D. Kote junction (Outer Ring Road links NH 275 and NH 212 / NH 150 A) joining NH 275 near Hinkal (15.715 km).

Inner Wheel Clubs plant 550 saplings at Torch Light Parade Grounds in city

Mysuru, July 6 (RKB&NNN)- The Inner Wheel Club of Mysore in association with Inner Wheel Club of Mysore Central, Mysuru Urban Development Authority (MUDA), Mysore Grahakara Parishat (MGP) and Forest Department planted 550 saplings of different species at the Torch Light Parade Grounds in Bannimantap, here this morning.

The varieties of saplings that were planted around the ground included mahogany, tamarind, neem, jamoon (Nerale hannu) and spathodea.

MUDA Commissioner P.S. Kantharaj inaugurated the programme by watering a plant.

Inner Wheel Club of Mysore President Uma Mahesh, speaking to *Star of Mysore*, said that the National Association President of Inner Wheel Clubs had given a theme this year called 'Branding and Environment' and under this project, they had taken up planting of the saplings.

"MUDA gave us the land in Torch Light Parade Grounds and Forest Department gave 1,500 saplings free to be planted all around the grounds. We also have plans of beautifying the Grounds," she said.

Inner Wheel Clubs District Chairman Dr. Sarika Prasad, District Secretary Pushpa Gururaj, Inner Wheel Mysore Secretary Geethasri, Inner Wheel Mysore Central President Anitha Suresh, MUDA Executive Engineer Suresh Babu, Assistant Executive Engineer C. N. Lakshmeesh, MGP Secretary Venkatesh, member K.S. Narasimhamurthy, Forest Officer Vijay Kumar and others were present.

Hale Unduwadi project to see light of the day soon

CM allots initial funding of Rs. 50 crore; officials hopeful of getting land sanctioned from KIADB

G.T. Devegowda

A file photo of the KIADB land near Beechanakuppe where the proposed Hale Unduwadi drinking water project will be set up.

Mysuru, July 6 (RK&BCT)- Higher Education Minister and Chamundeshwari MLA G.T. Devegowda's ambitious and a long-pending project of bringing drinking water to the city from Hale Unduwadi has got a boost yesterday as Chief Minister H.D. Kumaraswamy has granted an initial funding of Rs. 50 crore.

This project aims at getting Cauvery water from KRS backwaters instead of the present practice of lifting water from the canals. The project is designed to take care of Mysuru's water needs at least for 100 years.

In his budget speech, Kumaraswamy announced that in order to permanently eradicate drinking water problem of Mysuru and 92 villages, Hale Unduwadi scheme will be implemented at an estimated cost of Rs. 540 crore. Once the project is implemented, the city and its neighbouring villages will get 300 Million Litres per Day water from River Cauvery. This would be in addition to 250 MLD being supplied to the city at present.

The main hurdle for the project is the deadlock between the Karnataka Industrial Area Development Board (KIADB), Mysuru City Corporation (MCC), Mysuru Urban Development Authority (MUDA) and Karnataka Urban Water Supply and Drainage Board (KUWSDB) as the KIADB has sanctioned the land to a realtor and the government has to intervene and annul the allotment.

The KIADB wing of Mandya acquired 290 acres of land at Beechanakuppe — including the 90-acre land that was meant for the Hale Unduwadi project — and allotted to a realtor to build a satellite township. After the land acquisition, KIADB created sites in the vicinity and sold a large chunk of it to the realtor who has paid the amount and was legally on solid grounds.

However, officials of KUWSDB are hopeful that the project will see the light of the day soon as an official announcement has been made by the CM who has also sanctioned Rs. 50 crore.

"It is a Rs. 540 crore project and Rs. 36 crore will be spent on land acquisition. We need over 120 acres of land and the KIADB is in the process of sanctioning the land," Prasanna Murthy, Executive Engineer KUWSDB told *Star of Mysore* this morning.

Clarifying that alternative land will be handed over to the realtor, Prasanna Murthy said that the KIADB has not yet granted possession of the land to the realtor. "The government can direct KIADB to rescind the sale and identify and allot another plot to the realtor as the drinking water project is for the larger benefit of Mysuru," he added.

Neglect of Kodagu, Coastal districts in Budget flayed

Madikeri/ Mangaluru, July 6 (BCT) - Has the absence of JD(S) in Kodagu and Coastal districts denied the region of any budgetary benefits? This doubt has been raised by various sections of society as the budget has not given any specific project to Kodagu and Coastal districts of Udupi and Dakshina Kannada.

People feel that the concern which CM H.D. Kumaraswamy used to express about the problems of coffee and arecanut growers, fishermen and infrastructure before elections has failed to materialise as projects.

Kodagu, Dakshina Kannada and Udupi found no mention in the Budget that was presented yesterday. While residents of Kodagu were particularly hoping that the CM would announce measures to curb elephant, tiger and leopard menace, people of Dakshina Kannada were hoping for a special rain-damage package for that region that has seen extensive loss in infrastructure due to rain last month.

The denial of loan waiver to coffee growers has angered the people of Kodagu. Thousands of coffee growers are drowned in debt and unfortunately, this has not come to the notice of the CM, said Virajpet MLA K.G. Bopaiah. He said that while Kumaraswamy has gone out of his way to please Hassan, Mandya and Old Mysore regions, places like Kodagu and Dakshina Kannada have got a raw deal.

"Even former CM Siddharamaiah who is a self-proclaimed financial expert neglected Kodagu in his successive budgets and the same trend is being continued by Kumaraswamy," Bopaiah said.

Somwarpet MLA Appachu Ranjan went a step ahead and said that Kumaraswamy has behaved as if he is the CM of Mandya, Mysuru and Hassan.

Kundapura MLA Haladi Srinivasa Shetty said that Kumaraswamy and his colleagues come to Dakshina Kannada to offer prayers but the same place did not get even a small share in the Budget. "You and your Ministers come to Dharmasthala, Udupi and Kukke Subramanya Temples to ward off troubles. But when it comes to budget, you have forgotten Dakshina Kannada," Shetty asked the CM.

Upset over loan waiver limit, farmer ends life in Mandya

Mandya, July 6 (Nagaiah& BCT)- Hours after Chief Minister H.D. Kumaraswamy announced a farm loan waiver of Rs. 34,000 crore that will waive off loans up to Rs. 2 lakh, one farmer from Mandya committed suicide by hanging late last evening.

The farmer has been identified as 60-year-old K.C. Bhadraiah of Kacchigere near Mandya. Ironically, Bhadraiah was a great fan of Kumaraswamy and had hoped that the CM will waive off all farm loans. Bhadraiah had borrowed Rs. 5 lakh loan and had grown sugarcane in a 2-acre land. Due to successive drought, he could not make any profits.

Villagers and family members of Bhadraiah said that he had heavy expectations on Kumaraswamy and hoped that his loan of Rs. 5 lakh would be waived off. However, he was disappointed as the CM announced only Rs. 2 lakh loan waiver.

10,000 RTI applications pending in State: State Information Chief

16 cases decided, 3 officers fined, notices to remaining officials

State Information Commissioner K.M. Chandre Gowda chairing a meeting at Zilla Panchayat office here this morning.

Mysuru, July 6 (RK&NNN)- State Information Commissioner K.M. Chandre Gowda said that there are nearly 10,000 applications under Right to Information (RTI) Act, pending in the State.

He was chairing a meeting on cases in which information was sought by RTI applicants at the Zilla Panchayat office, here this morning.

In all, there were 30 cases, out of which 16 were decided and the remaining cases postponed to different dates including the one on Aug. 17 in Bengaluru.

The complaints related to RTI applicants seeking information about the funds released in Panchayat and Gram Panchayat offices, certificates issued with regard to SC,ST by the Tahsildar, information from the Labour Department with regard to 5(1) and 5(2) rules and the number of 'wound certificates' issued in K.R. Hospital.

One of the RTI applicants had sought information from Sarada Vilas Law College which is an aided college as to the percentage of admissions of SC, ST students.

The applicants complained that the officers concerned had not given the information in spite of repeated visits to the office.

Chandre Gowda took the officials to task and said that every official must first remember that he is a public servant and it was his duty and responsibility to give the information under RTI as demanded by the applicants.

Later, addressing the media, he said that the 10,000 applications were pending because for nearly two years Information Commissioner had not been appointed.

Now, some of the cases had been disposed off and the remaining would likely to be cleared this year.

Under the Public Records Act 2010, there is imprisonment for officials but there is no imprisonment under RTI Act and the maximum fine is Rs.25,000 imposed on the official for delay in providing information to the applicant, he said.

15-day 'Nandini Sihi Utsava' begins

10 per cent discount on MRP till July 20

Mysuru, July 6 (MTY&DM)- The 15-day 'Nandini Sweet Festival' (Nandini Sihi Utsava) organised by MyMUL (Mysore District Co-operative Milk Producers Societies Union Ltd.) to create awareness among the public on the whole rage of 'Nandini' products, began in city this morning.

MyMUL President K.G. Mahesh inaugurated the fest at the Nandini Milk Parlour on Bannur Road in Siddarthanagar.

Speaking on the occasion, Mahesh said that the main objective of the fest was to enlighten the public on the whole range of Nandini sweets and other products.

Maintaining that Nandini Sweets are made out of pure ghee, khova and other items, he said that the fest aims at offering mouth watering sweets to a large section of people and thus create a feeling among the public that 'Nandini' brand is their own, good in taste and better for health. MyMUL Managing Director Shivegowda said that there were 136 authorised Nandini outlets in city and the public can buy Nandini brand sweets at 10 per cent discount on MRP rate until July 20 at these outlets which will be open from 6 am to 9 pm. However, the parlour on Bannur Road will be open round-the-clock, he added.

MYMUL (Marketing) Dr. A.B. Lokesh, Director A.T. Somashekhar and others were present.

Nandini agents protest

Even as the sweet fest began today, some Nandini milk agents, who had lifted stocks yesterday and earlier, entered into an argument with MyMUL officials, saying that they cannot offer 10 per cent discount as long as the Nandini products which they had purchased at regular rates, was sold.

Expressing concern that they would have to suffer losses if they offered discount straightaway, they urged the officials to address this issue, following which the officials agreed to address their concerns, it is learnt.

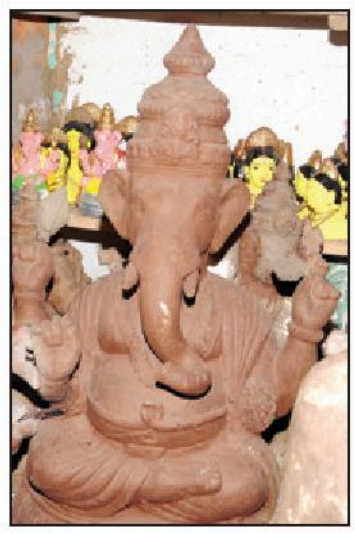
The selection will be held separately for four categories — folk troupes, music, dance and theatre. The application forms are available at Kannada and Culture Department Office at Kalamandira. The last date for submission of application forms is July 20. For more details, call Ph: 0821-2513225.

Idol-makers warned against use of Plaster of Paris

Mysuru, July 6- With Gowri-Ganesha festival fast approaching, the Mysuru City Corporation (MCC) has warned idol-makers against making and selling idols of Plaster of Paris (PoP).

In a press release, the MCC has warned of criminal action against idol-makers using PoP. The MCC has asked the members of the public not to use such idols and those coated with hazardous paints and to use eco-friendly idols made only of clay.



Giving some tips, the MCC has asked the members of the public to immerse the idol only in buckets and to remove all offerings and decorations before immersing it in specified ponds, the release added.

Gujarat Handicrafts Utsav
at JSS Urban Haat from today

Mysuru, July 6- Handicrafts are an integral part of the lives of Gujarati people. One can see the reflection of Gujarat's diversity through its art and crafts collection. Each and every district of Gujarat specialises in a different art form.

'Kavirajamarga' in Kannada is an astounding work
Says Linguist Prof. R.V.S. Sundaram

Central Institute of Indian Languages (CIIL) Director Prof. D.G. Rao inaugurating a workshop on 'Kannada Literature' organised by Centre for Excellence for Studies in Classical Kannada at CIIL premises in city as Linguist Prof. R.V.S. Sundaram *(2nd from right)* ***and others look on***

Mysuru, July 6 (RKB&NNN)- There are many astounding works in Kannada literature and 'Kavirajamarga' is one of the best examples. It is not very easy to do research about Kannada but everyone should learn it; otherwise, it will not survive, said Linguist Prof. R.V.S. Sundaram.

He was speaking at a workshop on 'Kannada Sahitya: Adhyayanada Savaalugalu haagu Saadyategalu' (Kannada Literature: Challenges and Opportunities in Study) organised by the Centre for Excellence for Studies in Classical Kannada (CESCK) at the Central Institute of Indian Languages (CIIL) premises, Manasagangothri here on Wednesday.

There are different types of literature in Kannada and there is beauty in it. It has more than1,000 years history. The research scholars should understand the breath and significance of the Kannada language and the formation of the words first, he said.

Kannada is one among the few languages in the country where creativity is constantly going on since the last 1,000 years. There is no need to talk about the richness of the Kannada language as at every stage every litterateur's work is something special. When one speaks about the language it is based on certain parameters. We can still identify a few Kannada works of 1,500 years ago, he said.

In the ancient Kannada texts each word had its own characteristics. Only if one learns about this will one understand 'Hale Kannada' (Old Kannada). Till now an analysis has not been done on Kannada words in Prakrit language, he said expressing his disappointment.

Kannada is a bigger language than Sanskrit and whatever is there in Sanskrit, Kannada also has it. Even though Sanskrit has a lot of variety, Kannada outscores it. A Sanskrit scholar does not know Kannada whereas a Kannada scholar knows Sanskrit and this is something unique. Kannada research scholars should know Sanskrit, Prakrit and Tamil. If we have knowledge of a lot of languages then the hold over Kannada becomes that much easier, said Prof. Sundaram.

He expressed his happiness over the interest in Kannada growing in the world and said that once 'Kavirajamarga' came in English everyone's attention was drawn to it. This has helped in creating an atmosphere for the development of Kannada, he felt. CIIL Director Prof. D.G.Rao inaugurating the workshop said that the institute is planning to extend financial support to young researchers involved in studies in Classical Kannada. He said that CESCK will get its own building soon.

CIIL Planning Director Prof. K.R. Durgadas presided. Reader and Research Officer Dr. L. Ramamurthy, workshop convenor Dr. Sannapapaiah and others were present.

Wimbledon 2018

Nadal, Djokovic through as Marin Cilic crashes out at Wimbledon

Spain's Rafael Nadal reacts during the second round match against Kazakhstan's Mikhail Kukushkin at Wimbledon on Thursday. Picture right: For Novak Djokovic, victory was his 60th at Wimbledon — making him just the fifth man to claim 60 wins at the All England Club in the Open Era.

Wimbledon, July 6- Former champions Rafael Nadal and Novak Djokovic battled into the Wimbledon third round on Thursday but third seed and 2017 runner-up Marin Cilic crashed out.

World number one Nadal defeated Mikhail Kukushkin of Kazakhstan 6-4, 6-3, 6-4 and will next face Australian teenager Alex de Minaur. Djokovic, the three-time champion, needed treatment on his left thigh on Court Two but still had too many weapons for Argentina's Horacio Zeballos, winning 6-1, 6-2, 6-3. Djokovic has now made the third round for 10 consecutive years and will face either British 21st seed Kyle Edmund or US qualifier Bradley Klahn.

Cilic beaten by Guido Pella

Cilic blew a two-set lead in his 3-6, 1-6, 6-4, 7-6 (7/3), 7-5 loss to Argentina's Guido Pella, ranked at 82.

When rain forced the tie to be postponed on Wednesday, Cilic was leading by two sets against an opponent who had never won a match at Wimbledon before this year.

But the Croatian collapsed once the match resumed on Court One on Thursday and Pella took full advantage to set up a third round clash with Mackenzie McDonald.

Cilic, the 2014 US Open champion, had been expected to mount a strong challenge for the Wimbledon title after winning the grass-court warm-up at Queen's Club two weeks ago.

Three-time major winner Stan Wawrinka was unable to follow up his first round defeat of sixth seed Grigor Dimitrov when he lost 7-6 (9/7), 6-3, 7-6 (8/6) to Italian qualifier Thomas Fabbiano.

The world number 133 is in the third round for the first time after winning back-to-back matches on the main tour for only the second time in 2018.

John Isner, the US ninth seed, saved two match points, fired 64 aces and 88 winners to defeat Belgian qualifier Ruben Bemelmans 6-1, 6-4, 6-7 (6/8), 6-7 (3/7), 7-5. Nick Kyrgios, seeded 15, unleashed 42 winners to see off Robin Haase of the Netherlands 6-3, 6-4, 7-5.

Kyrgios could next face lucky loser Bernard Tomic if his Australian compatriot can shock Japan's Kei Nishikori.

Australian 17th seed Ashleigh Barty reached the third round for the first time with a 6-4, 7-5 win over fellow former Wimbledon junior champion Eugenie Bouchard.

Later Thursday, fifth-seeded Juan Martin del Potro, who made the semi-finals in 2013, tackles 36-year-old Feliciano Lopez, a three-time quarter-finalist, who is playing in a record 66th consecutive major.

Sharan, Bopanna advance

India's Divij Sharan and his New Zealand partner Artem Sitak made a winning start at the Wimbledon Championships as they prevailed over Radu Albot and Malek Jaziri on Thursday.

City cable operator ends life

Mysuru, July 6(RS&DM)- A cable operator from city committed suicide by consuming poison at a lodge in Nanjangud town this morning.

The deceased has been identified as G.R. Babu (43), son of Rangaswamy and a resident of Halebandikeri in city.

G.R. Babu

Babu, after checking into a room at a lodge near the private bus stand in Nanjangud yesterday afternoon, reportedly left for Chamarajanagar on some work and returned to the room in the evening. As Babu did not come out of the room even after repeated calls by the room boys this morning, the Police were informed of the matter.

The Police, who rushed to the lodge, forced open the door only to find Babu lying dead on the cot with an empty packet of poison lying close to him.

Nanjangud Town Police, who have registered a case in this regard are investigating.

Boy, minor girl commit suicide

Mysuru, July 6(RK&DM)- In a shocking incident, a boy and a minor girl ended their lives by consuming poison near KRS yesterday.

While the boy has been identified as Shivu, the minor girl is said to be from H.D. Kote.

Shivu and the girl were said to be in love for the past few months and placed a proposal before their parents for marriage.

But their parents are said to have rejected the proposal saying that they were under-aged and also they cannot get married as they were blood relatives.

Disappointed over the rejection of their marriage proposal, the duo are said to have consumed poison at a farmland along the canal close to Anjaneya Temple at Chikka Ayarahalli near KRS yesterday afternoon.

While Shivu died, the girl who was writhing in pain reportedly called her parents and narrated the incident.

Her relatives who rushed to the spot, took her to K.R. Hospital from where she was being shifted to a private hospital, when she died en-route, it is learnt.

Her body was taken to her village without informing the Police. But the Police, after coming to know about the incident, counselled her parents on the legal procedures involved and shifted the body to MMC&RI mortuary for post-mortem.

KRS Police, who registered a case in this regard, are investigating.

Two students killed in separate accidents

Mysuru, July 6 (YDS, Madhu& KS)- Two students were killed in separate accidents since last evening. While one student was killed atop Chamundi Hill, the other lost his life at near Chunchanakatte.

In the first incident, a student was killed and the pillion rider suffered serious injuries when a car rammed into the bike near the Watch Tower Junction atop Chamundi Hill last night.

The deceased student is Aravinda Rao (21), son of Rajarao of Saangawadi Village in Kollegal taluk. He was an MBA student. The seriously injured pillion rider has been identified as 20-year-old Namana, a native of Saklesphur in Hassan district and a B.Com student. She has been admitted to K.R. Hospital.

Both Aravinda Rao and Namana are said to be studying in JSS College on Ooty Road in city. Yesterday evening, Aravinda and Namana proceeded to Chamundi Hill on a bike (KA-09-HL-7829). After visiting Chamundeshwari Temple, they were proceeding downhill when a car rammed into the bike and sped away.

Aravinda, who sustained serious head injuries, breathed his last on the way to a hospital. Siddarthanagar Traffic Police are investigating.

Aravinda Rao

Vidaat

In another incident, a diploma student was killed on the spot when a bike rammed into an electric pole on Hunsur-K.R. Nagar road near Chunchanakatte last night. The deceased has been identified as Vidaat (20), a resident of Diddahalli. The person, who was riding the bike, has been injured.

It is reported that Vidaat (riding pillion) and another person (not identified yet) were proceeding on a bike from Chunchanakatte at about 10.25 pm when the rider was blinded due to the high beam light of a vehicle coming in the opposite direction.

Unable to see the road, the rider rammed the bike into a roadside electric pole and Vidaat was killed on the spot. The rider suffered serious injuries and he has been admitted to K.R. Nagar General Hospital.

K.R. Nagar Police have registered a case.

Senior citizen goes missing from city

Mysuru, July 6 (KS) - A 64-year-old man, who left his house on July 3 saying that he was going to the Railway Hospital for treatment, has since gone missing.

The missing person has been identified as **J. Lakshminarayana**, a retired railway employee. He is 5.3 ft. tall, round faced, normal built, sports moustache, speaks Kannada and Tamil and was wearing a cream coloured pant and brown shirt at the time of going missing.

Those having any information about the missing person, may contact V.V. Puram Police Station on Ph: 0821-2418114 or call Ph: 0821-2418339/440.

WORD OF THE DAY

Bedizen

Pronunciation: verb bih-DYE-zun

Meaning: To dress or adorn gaudily.
Origin: Bedizen doesn't have the flashy history you might expect — its roots lie in the rather quiet art of spinning thread. In times past, the spinning process began with the placement of fibers (such as flax) on an implement called a distaff; the fibers were then drawn out from the distaff and twisted into thread. Bedizen descends from the older, now obsolete, verb disen, which means "to dress a distaff with flax" and which came to English by way of Middle Dutch. The spelling of disen eventually became dizen, and its meaning expanded to cover the "dressing up" of things other than distaffs. In the mid-17th century, English speakers began using bedizen with the same meaning.
Examples: The children entertained themselves for hours with the contents of the old trunk, donning fancy dresses and bedizening themselves with jewellery and scarves.
"Designed by architect Pierre Dené, the two-story 'rancho deluxe' bedizened itself with every California-style feature that defined its era. It had a Roman brick fireplace, terrazzo floors and big dramatic windows." — Lisa Gray, The Houston Chronicle, 20 Apr. 2008.

THE ODD WORD

Biddable

Easily led, taught, or controlled : docile; Capable of being bid.

PHRASE OF THE DAY

A millstone around one's neck

Meaning: A heavy and inescapable burden or responsibility.

Origin: This phrase is biblical in origin and its origins are found in Matthew 18:6 in The Wycliffe Bible, circa 1395:
It spedith to hym that a mylnestoon of assis be hangid in his necke and be drenchid in to the depnesse of the see.
You don't need to be a scholar of Middle English to get the gist of that. The biblical punishment of having a heavy weight put round one's neck and being cast into the sea was a retribution for 'offending the little ones who believe in me'. Presumably, swimming would then be pretty much of a vertical affair. The expression has been in continuous use in English since at least the 14th century. These days a weighty burden is often referred to as the shortened form 'millstone'.
NOTE: The millstones in the picture are some of the many such that were left lying around in the Peak District surface mines when the grinding trade in nearby Sheffield went into decline.
